

"Ride Without Fear" Clinic

Year of the Horse Tour 2014

JO BELASCO

A National Horse Clinician with a Psychology degree who specializes in helping riders overcome Anxiety and Fear related to riding.

- Practical information you can use to ride again after a bad experience, to keep riding if age or physical limitations are starting to make you feel more vulnerable, or to finally ride for the very first time if fear has been holding you back.
- A special seminar plus a unique one-on-one individualized clinic experience gives you a toolbox of practical and proven techniques you can use to shrink your fears down to size, in an engaging, informational, and non-judgmental teaching style.
- 2, 3, or 4-day clinics, with private lessons available at the end of the clinic.
